Dear Members,

I would like to express my gratitude to all AMI members, current office holders of AMI and AMSc for their cooperation and assistance in facilitating a seamless functioning of AMI General Secretary Office. As a team, we are committed to meeting your expectations in managing AMI and AMSc. I am thrilled to share with you the incredible achievements of our association over the past year. As the General Secretary, it brings me great joy to see the progress we have made and the impact we have had on our community. Our association has worked tirelessly to fulfill our mission of serving and supporting our members, and I am proud to say that we have exceeded all expectations.

We have organized numerous workshops and training sessions, equipping our members with valuable skills and knowledge. These events have not only provided a platform for learning and growth but have also fostered a sense of unity and camaraderie within our association.

I am pleased to announce that the Academy of Microbiological Sciences (AMSc) has new executive members this year and has exciting future plans for academic developments in the field of microbiology. The organization will be implementing several innovative initiatives to foster a global perspective in the fields of research, teaching, and extension of Microbiology and making it possible for students at wider horizon to understand the importance of microbiology in our lives.

Our journal Indian Journal of Microbiology has a steady increase in the impact factor and cite score rank over the past three years, reflecting its growing influence and relevance within the scientific community. The impact factor of journal increased to 3 in 2022 from 2.46 in 2020. The CiteScore Rank improved to 66/163 in 2022 from 82/150 in 2020. This growth is indicative of the increasing citation rates and recognition of the journal's contributions to the field of microbiology. None of these achievements would have been possible without the dedication and hard work of our members. I want to express my deepest gratitude to each and every one of you for your unwavering support and commitment. It is your passion and enthusiasm that has propelled our association to new heights.

As we reflect on these accomplishments, let us also look forward to the future with excitement and determination. There is still much work to be done, and I am confident that together, we can continue to make a lasting impact on our community.

Thank you once again for your exceptional efforts and unwavering support.
